

Muqaddaspreet Singh Bhatia

+1 438-979-6919 | muqaddaspreetsingh@gmail.com | PGWP | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

TECHNICAL SKILLS

Languages: C#, JavaScript, TypeScript, Python, Java, SQL, HTML/CSS

Backend: .NET Core / ASP.NET Core Web API, Node.js, Express.js, REST APIs, JWT Auth, EF Core, Middleware

Frontend: React.js, Redux Toolkit, Angular, React Hooks, React Router, Tailwind CSS, WCAG 2.1

Cloud & DevOps: Azure (AKS, App Services), AWS (EC2, S3, Lambda, RDS, CloudWatch), Docker, Kubernetes, GitHub Actions, CI/CD, Nginx, PM2

Databases: SQL Server, MySQL, MongoDB, Firebase, Redis (caching & session)

Testing & Obs.: Jest, React Testing Library, TDD, Structured Logging, Dashboards, Distributed Tracing

AI & LLM: OpenAI API, Anthropic Claude, RAG, Prompt Engineering, Token/Cost Optimization

EXPERIENCE

Mercor | *Software Engineer – Coding Agent Experience*

Nov 2025 – Present • USA (Remote)

- Designed and evaluated 100+ AI coding tasks to train LLMs on full-stack engineering scenarios (.NET, React, cloud patterns), improving model code-generation accuracy by 25% across benchmarked evaluation suites.
- Applied deep knowledge of ASP.NET Core, REST API design, and distributed systems to create algorithmic challenges that enhanced model robustness across multiple backend and cloud-native problem domains.

Nagarro Software | *Software Engineer*

Jun 2021 – Jul 2023 • Gurugram, India

- Architected a supplier-facing full-stack platform using **React, Redux Toolkit, and ASP.NET Core Web API**, delivering 50+ reusable components and 12+ secure REST endpoints for JWT authentication, e-invoicing, and third-party operator integrations.
- Designed .NET Core middleware pipeline (JWT auth, request validation, rate limiting) and implemented **Redis caching with optimized EF Core queries**, reducing P95 API latency by 40% and database reads by 35%.
- Deployed containerized microservices to **AWS EC2 with Docker**, configured S3 for static asset delivery, and set up CloudWatch alarms and structured logging dashboards — reducing MTTR by 30% and improving production observability.
- Implemented GitHub Actions CI/CD pipelines automating build, test, and deployment stages; integrated automated Jest and React Testing Library suites, increasing frontend coverage to 80% and cutting regression cycle time by 40%.
- Improved frontend performance 18% via React.lazy code splitting and memoization; architected RTK Query state layer eliminating 25% duplicate API calls and 30% re-renders on high-traffic screens.

VMM Education | *Full-Stack Developer Intern*

Jan 2021 – Jun 2021 • Amritsar, India

- Built and deployed a full-stack engagement platform using React, Node.js/Express, and REST APIs, boosting user activity by 28%; implemented Redux state management with backend auth and progress-tracking modules, reducing redundant API calls by 20%.

PROJECTS

Cloud-Deployed Event Management System ASP.NET Core MVC, C#, EF Core, SQL Server, Docker, AWS EC2 | [GitHub](#)

- Built a role-based multi-tenant platform (Admin / Organizer / Attendee) with JWT auth, onboarding 100+ users and 180+ events per semester; containerized with Docker and deployed to AWS EC2 with RDS-backed SQL Server.
- Designed normalized SQL Server schema with EF Core code-first migrations, repository and service layers, and environment-specific CI/CD configs via GitHub Actions for automated build and deployment.

CineSenseAI React, Redux, Firebase, OpenAI API, Tailwind CSS [Live Site](#) | [GitHub](#)

- Built a React SPA delivering natural-language movie recommendations with OpenAI integration; implemented client-side response caching (OpenAI + TMDB), achieving 30% relevant-hit rate improvement and 350 ms time-to-first-result.
- Integrated Firebase Authentication with React Router protected routes for gated browsing; multi-language UI with lazy-loaded routes and optimized API call batching.

EDUCATION

Concordia University — Master of Applied Computer Science (GPA 3.30 / 4.33)

Sep 2023 – May 2025 • Montreal, QC

Guru Nanak Dev University — B.Tech in Computer Science (GPA 9.03 / 10.00)

Jul 2018 – May 2022 • India
